GAZA in fire

All for Palestine...

We, the Syrian Cartoon website family, would like to have you standing by our side to say **NO to Israeli aggression** against our people in Palestine.

Friends and free people of the world, we want you to give us a hand!
It's the awaited moment to save humanity from killers of children, women and old people.

It's the awaited stand to defeat the colonial domination powers of evil!

We must create LOVE, NOT WAR!

Raed Khalil, Director

We thank all participants for their generous contributions which reached 1020 works.
We could not include all these cartoons in this book, so only some of them were published.
This does NOT mean that only published works are the best!
